WomenNC 2014 U.N. Fellowship Dinner

WomenNC welcomes you to our 5th annual Fellowship presentation featuring the NC University students chosen as the 2014 CSW Fellows. The Fellows will share their research in advance of their participation at the 58th *United Nation's Commission on the Status of Women (CSW)* in New York. We will be hosting local officials, non-profits, academicians, students, & community members. Please join us to learn more about the status of women & girls in North Carolina and around the world!

The Fellowship Program

WomenNC has awarded 24 CSW Fellowships since 2010 to NC university applicants who are highly motivated to study and offer solutions to regional and international women's issues. The students conduct research on women's challenges in NC, partner with supportive agency programs, and suggest program enhancements. After presenting at the March U.N. CSW Conference in NYC, the Fellows will return to North Carolina to share their Global-to-Local experiences & insights at numerous local community presentation events.
